MEMORANDUM FOR: Acting Deputy Director for Administration

FROM : John H. Waller
Inspector General

SUBJECT : Nominations to the Inspection Staff

1. The Director has decided upon an expansion of the Inspection Staff to handle its increased work assignments. It is my intention to accomplish this on an incremental basis. The purpose of this memorandum is to request that you nominate candidates from your Directorate for the first phase of the expansion.

2. In the first increment of inspectors we are considering officers at the GS-14 to GS-16 level. The quality of officers detailed to the Inspection Staff relates directly to the quality of the work the Staff does throughout the Agency. We seek officers who have varied experience, are mature, and who have had sufficient responsibility to appreciate the functions of management. We would anticipate that these officers would be on a two to three year rotational assignment with this Staff. They would retain their present career designation. It is requested that you nominate five candidates from whom we would be able to make selections. When this new group has been selected and absorbed we expect to make a similar request again, at which time we may also request nominations for more junior officers than requested in this first group.

3. It would be appreciated if you would provide us nominations with supporting information by 19 August 1977.

John H. Waller
